

SOLUTION: Family Office Identity Theft, Financial Fraud, Mobile Security & Cyber Risk

PROBLEM/PAIN POINT SOLVED: Seamlessly protected and connected in the Digital Age

1. **ID Theft Protection** - IdentityForce with EZShield Restoration provides Integrity, security, and trust
2. **Mobile Defense Suite** - protects PII and provides Mobile Security
3. **Identity Restoration** - repair your good name in the event of theft or fraud + check fraud protection
4. **Breach Response** - minimize the financial and reputational impact in the event sensitive information is stolen
5. **Credit monitoring, dark web monitoring, business restoration services, mobile attack control, and mobile attack view**
6. **Cyber Risk Continuous Monitoring & Scorecard** prioritizing your risks and mapping to solutions

COMPANY OVERVIEW

Sontiq has emerged in an environment where information has traveled faster and further than ever before; as a company that can keep identities safe on any platform in the face of these risks. By specializing in an Intelligent Identity Security approach built for speed and volume of modern information sharing, we can be stronger, smarter, and informed of potential risks that impact revenue and reputation.

SONTIQ SaaS PRICING MODEL
